May 5 Renewal Information

Voters living within the Davison Community School district will be asked to renew the District's Non-Homestead and Building and Site Sinking Fund on the May 5, 2015, ballot. What does this mean for you?

- Both of these ballot questions are ***renewals.*** There is no new or additional tax.
- The Non-Homestead levy does not affect homeowners/taxpayers with Davison as their primary residence. This renewal applies to businesses and second homes only.
- The Non-Homestead levy generates about $3.8 million for the district and is critical to the district's operational budget.
- The Building and Site Sinking Fund is 1.4016 mills. That works out to be about $70 or less a year for someone who owns a house valued at $100,000.
- The Building and Site Sinking Fund generates about $1 million each year to address facility needs.
- All Davison school buildings have benefitted as a result of the Building and Site Sinking Fund, which has been used to replace outdated heating systems with more efficient and cleaner heating and cooling systems, renovate buildings, replace roofs and install infrastructure for updated technology .
- Both renewals are for 10 years.
