

School Safety Assessments from ACAP Solutions

TAKE ADVANTAGE OF THIS LIMITED OPPORTUNITY!

Staff, students and parents want to know how safe their school is - and the State of Michigan is paying ACAP to do the work for you!

- ❖ Uses a multidisciplinary team - recommended by US CISA School Safety
- ❖ Provides expert, independent review - through funding by the State of Michigan
- ❖ Increases public support and cooperation while decreasing public concern

ACAP Solution's comprehensive assessments meet all state requirements for the school safety assessment* (Evaluation of the Board Policies, the Emergency Operations Procedure, the environment/culture of each building, the physical safety and security, the emergency training and drills of each building, and the safety equipment used in them, presenting Public Report and Findings with Recommendations) **PLUS the following all FREE****

- Assist with creation of the Safety Team
- Work with the Safety Team through the Assessment
- Additional to the assessment, evaluate the safety practices of the occupants
- Conduct confidential staff interviews
- Assess Emergency Communication
- Review Findings with Safety Team
- Create joint recommendations for improvement with the Safety Team
- Conduct a Confidential Findings Review with District selected members
- Conduct a Q&A session with the public after Findings Presentation
- Record the public Findings Presentation for use by the District
- Conduct 2 additional Virtual Q&A sessions
- Conduct 2 Virtual Safety Team meetings to develop solution proposals
- Provide ongoing safety information / awareness for entire 2022-2023 school year
- Provide positive and concerning student behavior tracking and recording for staff evaluation
- Additional presentations and services available upon agreement

*These offerings are proposed tentative to final guidance from Michigan Department of Education and reimbursement approval
**funds reimbursed through MDE

School Safety Assessments from ACAP

ACAP Solutions is FREE from ties to vendors or affiliations with a specific product.
