

We are stronger together

WHY IS IT IMPORTANT TO PROTECT YOUR ORGANIZATION

78%

Increase in ransomware in 2022 compared to 2021
(Sophos)

\$3.79M

Average cost from a data breach in the education sector (IBM)

28%

Average Increase in cyber insurance premiums in 2022
(CIAB)

SUPPORTING YOU 24x7x365

Cybersecurity is vital to the protection of your students and staff. As an extension of your team, our **Education Security Operations Center (EdSOC)**, assists education organizations with collaborating to protect people, data, and infrastructure.

BALANCE

Combining cybersecurity expertise with education context.

RESPONSE

100% of security events are responded to in an average of **1.79 minutes**, 24x7x365.

ACTION

We remove excess noise to help identify and prioritize response for the alerts that really matter.

WHY CHOOSE EdSOC

OTHER PROVIDERS

VS

EdSOC

Isolated cybersecurity solution

Collective group cybersecurity

Technology restricted

Technology neutral

Forced to use proprietary technology

Collaborative design & execution

No customization/one size fits all

Client-specific incident response

Lack of tactical information sharing

Real time data share & threat hunting

No collaboration with use case development

Collaborative use case development

No customizations with runbooks

Customized runbook implementation

Multiple / inconsistent contacts

Single point of contact

Collective and continuous cybersecurity

WHY IS IT IMPORTANT TO PROTECT YOUR ORGANIZATION

277 days

Average time to identify and contain a data breach (IBM)

\$4.35M

Total average cost from a data breach (IBM)

28%

Increase in cyber insurance premiums in 2022 (CIAB)

WHO WE ARE

CyberForce|Q has provided information security services for over **25 years**. We architect and implement cybersecurity programs for organizations of all sizes – with proven results. By providing **technology-agnostic** solutions, we enhance the current capabilities of your organization by integrating our services with your current technologies and systems. Every organization is unique, which is why we **meet you where you are** in your cybersecurity journey, and tailor our solutions to your needs.

WHAT MAKES US DIFFERENT

Collective Model

In our one-of-a-kind collective model, our clients share tactical information between entities, to break silos and become stronger together.

Continuous Improvement

We focus on continuous improvement in everything we do to make our clients stronger, and continue to protect them against threats.

Evidence-based Proof

We provide clients with proven results, using quantifiable measurement that demonstrates evidence-based proof of your cybersecurity progress.

Highly Customized

We know every organization is unique, which is why our team works one-on-one with you to determine the best solution for your specific needs.

Advancing your cybersecurity program

SUPPORTING YOU 24x7x365

As an extension of your team, our **Collective Security Operations Center (CoSOC)**, defends and protects your organization from cyber threats. Utilizing our unique collective model, our clients share tactical information, becoming stronger together. We group you with like-minded organizations by placing your organization in a CoSOC vertical based on your industry. These verticals are Healthcare (HSOC), Government (GovSOC), Education (EdSOC), and Business (BSOC).

RESPONSE

100% of security events are responded to in an average of **1.79 minutes** 24x7x365.

ACTION

We remove excess noise to help identify and prioritize response for the alerts that really matter.

TACTICAL

By customizing deliverables such as use case development and runbooks, we keep you ahead of a breach.

EVIDENCE-BASED PROOF

Q|FRAME™, our continuous assessment and strategy application, assists with continuously advancing your cybersecurity program. Utilizing metrics and visualization, you receive evidence-based proof of your improvements and demonstrate your cybersecurity maturity.

One-on-One Guidance

Every organization is unique, which is why you will work with a highly qualified consultant to customize your cybersecurity strategy for your needs.

Continuous Advancement

Continuously advance your cybersecurity program using real-time updates in the web app and evidence-based metrics.

Collective Group Sessions

Organizations share best practices with each other, growing stronger together.
