Overview

The School Aid budget makes appropriations to the state's 539 local school districts, 294 public school academies, and 56 intermediate school districts (ISDs) for operations and certain categorical programs. It also appropriates funds to the Michigan Department of Education (MDE), Center for Educational Performance and Information (CEPI), the Workforce Development Agency, and other entities to implement certain grants and other programs related to K-12 education.

Major Boilerplate Changes From FY 2017-18

Sec. 15. State Aid Allocation Adjustments – REVISED

Reduces maximum allowable repayment period for district state aid payment deductions resulting from an audit from 9 years to 4 and eliminates option for state Superintendent to waive repayment under certain circumstances, reversing changes made in FY 2017-18.

Sec. 18(12). Virtual Course Cost Report – REVISED

Currently requires that districts report cost information for virtual courses provided through Section 21f. Expands to include cyber schools, whose courses are not offered through Sec. 21f.

Sec. 19. State and Federal Reporting Requirements – REVISED

In addition to the graduation report information, requires that districts submit data necessary for state and federal accountability reports, both in November and June. Revises June 30 to the last business day in June. Revises required district appeal process for accountability designations to require MDE to utilize data that was certified as accurate and complete after districts and ISDs have adhered to deadlines, data quality reviews, and correction processes leading to local certification of final student data. Changes to allow districts and ISDs to appeal “any calculation errors used in the preparation of accountability metrics” rather than a designation.

Major Boilerplate Changes From FY 2017-18

Sec. 23f. Shared-Time Pupil Payments – REVISED

In addition to capping pupils at 5% of a district's membership and eliminating kindergarten, requires the following to receive funding:

- (a) That a district ensure that all individuals that have student contact as part of a course offered under Sec. 166b have not been convicted of sexual misconduct and receive the same criminal history and criminal records checks as employees of the district as required by state statute.
- (b) That a district ensure that if a course offered under Sec. 166b has an associated optional experience, it must be offered on a schedule to make it fully available to the majority of pupils in the district in the same grade level or age groups as the pupils participating in the course under Sec. 166b.
- (c) That the district provide MDE information necessary to quantify the following:
 - (i) A complete listing of all courses in which students reported for membership in the district have been served.
 - (ii) Course enrollments by each participant using local coding and the school codes for the exchange of data (SCED).
 - (iii) Identification of the course teacher or mentor.
 - (iv) Outcomes for each student in each course.

Sec. 31a. At Risk Program – REVISED

Expands to add an additional purpose for the program: that districts implement with fidelity a multi-tiered system of supports (MTSS). Condenses MTSS components to the following: (a) Team-based leadership; (b) Tiered delivery system; (c) Selection and implementation of instruction, interventions, and supports; (d) Comprehensive screening and assessment system; and (e) Continuous data-based decision making.

Expands to require that districts comply with MCL 380.1280f and use resources to address early literacy for grades K-12 instead of K-3. Adds focus on numeracy for K-12. Requires a district to implement MTSS in grades K-8 instead of 4-8.

Requires that for English learners, a district implement culturally and linguistically responsive teaching strategies focused on academic language development aligned with state English language arts (ELA) proficiency standards.

Revises consequences beginning in FY 2018-19 for districts that are below the statewide average based on the number of economically disadvantaged pupils proficient in either ELA by the end of 3rd grade or math by the end of 8th grade or career and college ready by the end of 11th grade based on statewide assessments given in FY 2017-18. Requires those districts to meet either the statewide average by FY 2020-21 or see an improvement of at least 10 percentage points in the number of economically disadvantaged pupils who are proficient by FY 2020-21. For a district that fails to meet those goals by FY 2020-21, requires it to conduct an evaluation in coordination with MDE and other stakeholders, adopt a school improvement plan based on recommendations from that evaluation, and spend At Risk funds only in accordance with that plan.

Increases amount that may be used on professional development to 5% and expands to include implementing a coaching model that supports the MTSS framework.

For a district that may use funds for schoolwide reform, increases share of pupil membership that must be economically disadvantaged from 40% to at least 50%. Requires that the schoolwide reforms also be tier 1 evidence-based high quality academic, behavioral, and social-emotional instruction, and part of a district's MTSS framework. Schoolwide reforms must be guided by district's comprehensive needs assessment and must feature parent and community supports, activities, and services, which may include Pathways to Potential or Communities in Schools programs.

Sec. 35a. Early Literacy – REVISED

Requires the State Superintendent to designate people employed or contracted with funds from this section as critical shortage for the purposes of allowing retirees to work without reducing their pensions under the Public School Employees Retirement Act, MCL 38.1361. However, the critical shortage subsection is currently set to expire on July 1, 2018.

Sec. 61d. Per Pupil Incentive Payment – NEW

Defines a CTE program that qualifies for the additional \$25 payments for critical skills programs as one classified under any of the following CIP codes:

- (i) 01 – Agriculture
- (ii) 03 – Natural Resources and Conservation
- (iii) 10 through 11 – Communications Technologies and Support Services and Computer and Information Sciences and Support Services
- (iv) 14 through 15 – Engineering and Engineering technologies and related fields
- (v) 26 – Biological and Biomedical Sciences
- (vi) 46 through 48 – Construction Trades, Mechanic and Repair Technologies, and Precision Production
- (vii) 51 – Health Professions and related programs.

Sec. 104c. State Assessments – REVISED

Moves state assessment for science from grades 4 and 7 to 5 and 8. Deletes requirement that MDE approve at least 3 benchmark assessments for district use. Requires MDE to provide guidance to districts on optionally adopting and implementing department-approved benchmark assessments for grades 3 to 7 in ELA and math and to recommend that districts commit to using the same benchmark assessment for no less than 3 years without switching to another benchmark assessment.

Major Boilerplate Changes From FY 2017-18

Sec. 164g. Legal Action Against the State – DELETED

Establishes a penalty in an amount equal to the amount spent if a district or ISD uses state funding to pay for an expense relating to any legal action initiated by the district or ISD against the state.

Sec. 164h. Title – DELETED

Establishes a penalty in an amount equal to 5% of a district or ISD's total state aid if it enters into a collective bargaining agreement that does any of the following: Establishes racial or religious preferences; Automatically deducts union dues from paychecks; Is in conflict with any state or federal transparency laws; Uses a method of compensation that does not comply with Sec. 380.1250.

Sec. 166b. Shared-Time Instruction for Nonpublic Pupils – REVISED

Requires that an applicable curricular offering include optional experiences associated with the curricular offering, and that the optional experience must also be available to the district's full-time pupils in the same grade level or age group. Eliminates kindergarten from allowable shared-time instruction. Revises definition for grades 9-12 nonessential courses from courses other than the specific subjects mentioned or those "that fulfill the same requirement credit requirement" to "those that can fill the same credit requirement".
