Day Two Featuring Keynote Speaker: LeAnn Nickelsen, M.Ed.

Double the Speed of Learning; Formative Assessment as Part of a Balanced Assessment System

Understanding the needs of each student is an essential component of high quality differentiated instruction. Formative assessment as part of a balanced assessment system is one of the keys to that understanding. This is critical for all students, including those who come from poverty. Keynote Speaker LeAnn Nickelsen, M.Ed. continues this theme from past years as she addresses how much formative assessment can change a classroom, grade level, or an entire school and district!
