Michigan Kindergarten Entry Observation

Live Webinar for School and District Administrators
Thursday, October 19, 2017 from 11:00 a.m. – 12:30 p.m.

Description

Designed for school administrators, district administrators and other key local leaders that will be involved in coordinating or supporting the implementation of the Michigan Kindergarten Entry Observation (MKEO), this webinar will provide details pertaining to the rollout of the MKEO in 2018 and the reports available for school-based and district administrators.

In this webinar, you will:

- Learn about the MKEO including the purpose, item types, test security, teacher professional development, technologies, and available resources for teachers and administrators

- Discuss the timeline and roles involved in preparation for the fall 2018 rollout

- Explore the reports that will be available during and after administration for school and district administrators as well as for teachers

- Review the processes and logistics involved with accessing the Ready for Kindergarten Online system where teachers enter student scores and reports can be retrieved by teachers and administrators

For your convenience and for those who cannot attend, the webinar will be recorded and posted online at http://dataguidelines.kready.org.
