

# MISchoolData Quick Reference Guide - Achievement

Address: <https://www.mischooldata.org/Default.aspx>

Note: Some Achievement/Accountability Data is not available for the 2014-2015 M-STEP. This data is available for the older MEAP and newer M-STEP Assessments.

MISchoolData is set up in a very “nested” format. When you arrive, you will notice there are large blue dropdown menus across the top that open up to the nested reports when you hover over a selection. Once a report is opened, other reports in the same category can be accessed through buttons at the top.
