

School Election VOTE! Tuesday, November 4, 2014

Maple Valley Schools

RENEWAL

**18 Mills
Non-homestead
Operating Millage**

Proposition 1: RENEWAL of the 18 mills non-homestead operating millage

This proposal requests to renew the 18 mills on non-homestead property for 10 years. If passed, the district will continue to levy the 18 mills for non-homestead property. The passage of this millage is necessary in order to receive full state-per-pupil funding.

Why do we need the RENEWAL?

- To maintain operational funding voters have previously approved
- Continue to get the full per student operational dollars (\$7,251)

How much will it cost?

Voter approval means renewal of the current tax millage.

THERE IS NO COST INCREASE TO TAXPAYERS FOR PROPOSITION 1

Where do I vote?

Vote in your local political precinct your voting place for local, state and national elections.

How will the 18 mills non-homestead operating millage help us now?

Projected Revenues for 2014-15 Fiscal Year

The state-per-pupil revenue (income) comes from two sources - 18 mills on non-homestead property PLUS money from the state.

The state assumes the full 18 mills is collected locally. They will not make up the difference if the 18 mills is not collected. For example, instead of \$7,251 per student, the district would only receive about \$6,694 without the 18 mills. The state will not release the remaining student revenue until the 18 mills have been passed.

What is non-homestead property?

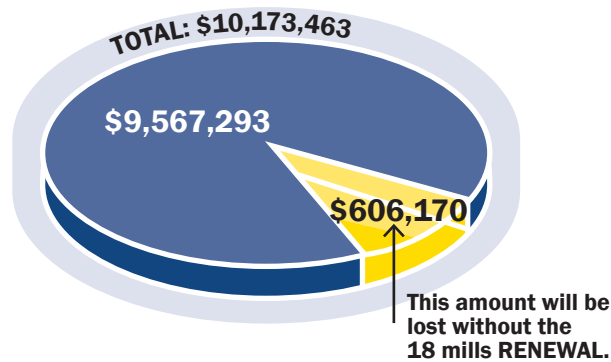

Non-homestead property includes property within our school district such as vacation homes, rental property, businesses, hunting acres, or any other property without a primary residence located on it.

What is an Operating Millage?

- Since Proposal A passed in 1994, schools receive a Per Pupil Foundation Allowance from the State of Michigan to pay for all operating costs.
- Operating costs include: insurance, utilities, staff salaries, textbooks, janitorial services, athletics, just to name a few.
- **Operational Millage and Bond Funding are not the same!** Recently passed Bond Funds can only be used for capital improvement projects to district facilities. Bond funds **CANNOT** be used to pay for operating expenses.
